

JAMALPUR

THE BIRTH PLACE OF SHRII SHRII ANANDAMURTIJII

An issue for introduction of BABA'S Birth place

Yearly issue - 2001

Jagriti at Olipur- Jamalpur:- At Jamalpur Jagriti, Ananda Marga was established in the year 1958 Bhagalpur.Choti Kanjarpur. At present, a school and Abha Seva Sadan is running. Besides this, there is meditation hall attached with BA'BA"s room where BA'BA' used to give personal contact to devotee and used to give His discourses coupled with demonstrations on spiritual, esoteric, astral and meta-empirical subjects.

Tigers Grave:- This is the most majestic place where BA'BA' used to sit evening till late in the night with His devotees. This is the place where BA'BA' dictated philosophical books in candlelight. Those who have had the experience of sitting with Him at this place know how BA'BA' kept His devotees enchanted in a trance of spiritual bliss. The evening walk upto this Tiger's grave was an epoch-maker in the spiritual history of Ananda Marga.

Books like Ananda Marga, Caryacarya, Jiivan Veda, Yogik Chikitsa & dravyagun, To the Patriots, Idea and Ideology, and Ananda Sutram were rendered out at this grave. Thousands and thousands of His devotees enjoyed this place in personal nearness with BA'BA'. In fact for all practical purpose this spot is the nucleus of Ananda Marga and BA'BA"s mystic spiritual performances. It is alive with spiritual waves. Devotees, visitors and researchers will get a chance for spiritual transformation.

Marga Guru's Quarter at Railway Colony, Rampur: - Shrii Shrii Ananda Murtii jii lived in this humble Railway Quarter with a little open space around. Most of His family members lived in the same quarter. He conducted a large number of complex activities from this house. He distinguished Himself as the most obedient son, as the eldest brother, dutiful husband and also as a part of the joint family. He was also very punctual in His official duties. In addition, BA'BA' carried the bundle of work of the newly formed organization with a minute heed to every bit of details regarding its activities. He also performed as the **SPIRITUAL PRECEPTOR** guiding and advising His devotees in all respects. He maintained regular meetings with His devotees during the evening walk and also at the Jagriti (Ashram).More surprisingly He maintained the quarter open space for gardening and growing of vegetables by the own labour. It is beyond words how He was satisfied and contented with whatever He had in His afford ability at His small area of the quarter. The funny part of the paradox is that He was ever bounteous to all His devotees pouring out everything His devotees demanded and cherished in their time of stress and distress.

Shrii Shrii Anandamurtijii had no grief and grievance for Himself. Nobody at that time could foresee that the organization would expand so enormously that later there would be Jagritis and buildings all over the world. Such is the magic that the charm of Ananda Marga transcended all barriers and bondage and a global organization was formed.

One must not forget this quarter, which has spiritual radiations of effulgent light, shows a light to the entire world.

The Triangular Palm Trees: - It is a misfortune that the triangularly situated palm trees are no more in existence but the place is still identifiable. This is the place where BA'BA' guided His Tantrik disciples and initiated the unknown and unknown sadhakas. The place has certain magnetic affect suited to

spiritual elevation. Many of the devotees at the time of evening walk with Him have eye witnessed how certain entities in bodiless forms came to Him and after long stay again vanished in the air. It is at this place that the revolutionary leader Subhah Chandra Bose got his Tantrik initiation and Mr. M.N. Roy was instructed for ushering in an era of Neo-humanism. The dreaded criminal, later on known as Kalikananda Avadhuta foremost of all who was initiated by BA'BA' used to meet him at this place for His guidance. The saint like Totapuri also occasioned to pay reference to Lord Anandamurtiji at this place in presence of many devotees of Ananda Marga. The Kapalika Tantras of Ananda Marga have mostly been Initiated at this place by BA'BA'.

Death Valley and Tamarind Tree: - Death Valley is the passing land between the two parallel hillocks where few men dared visiting even in the daytime. Some years back the wild animals took over the Valley and it was never possible to go there unarmed. In this long stretching valley, these used to be a battleground for Tantrikas pursuing their tremendous spiritual path. This place is said to be spiritually vibrated and empowered. The Tamarind tree close the eastern hill is the place where BA'BA' meditated for nights together and radiated spiritual waves which still have the power to awaken aspirants. The spiritual aspirant can revive himself by being at this place. A visit to this Death Valley and Tamarind tree is a must to ensure spiritual awakening.

It is a misfortune that the Valley is being destroyed by continuous dynamite blasts and hammering on the hill stones causing a loss to a great heritage and spiritual vibration which once existed in its glorious bloom.

Elixir of life:-

Close to the hill on the Western side there is a natural gush of water from the run-off of the hill, which contains minerals suited to human health and life. The water is used by the local people and carried to town side in containers for drinking purpose. BA'BA' also recommended the water as an Elixir of life and He also preferred this water for His drinking use at the time of His evening stroll.

Kali Mandir:-

BA'BA' in His childhood accompanied by His school friend used to visit this Kali Mandir situated on the top of the Hill. The place is sanctified with spiritual vibration. BA'BA' also performed His Sadhana at this place.
